CalVet Home Loans and the Department of Veterans Affairs of the State of California do not warrant the condition, desirability, suitability, or actual value of the property you are purchasing, such determinations being entirely the responsibility of the purchaser. You are encouraged to inspect the property thoroughly, review the seller's TDS / agent's AVID disclosure statements, and obtain any inspection reports that you deem necessary.

FIRE & HAZARD PROGRAM, DISASTER INDEMNITY COVERAGE, LIFE AND DISABILITY INSURANCES

Fire and Hazard Program

We require our contract holders to utilize the program offered through CalVet (excluding condominiums and mobile homes) for fire and hazard protection. CalVet is able to pass on significant cost savings to our contract holders while offering low deductibles and guaranteed replacement cost coverage for the contract holders' homes. Contents and / or liability coverage is not included in the coverage; we encourage contract holders to obtain outside insurance for those needs.

For condominiums, manufactured homes on land, and mobile homes in parks, CalVet does not offer a fire and hazard coverage program. Note: we will require evidence of sufficient insurance as determined after receipt of your appraisal and before the close of escrow.

Disaster Indemnity Coverage

All CalVet properties are required to have disaster indemnity coverage, including condominiums and manufactured or mobile homes. The rates offered through CalVet are significantly lower than those from other companies, and provide for replacement of your home with like materials and quality. The deductibles are as low as \$500 for flood losses, or the greater of \$500 or 5% of the total covered loss from earthquakes. These low deductibles can save our contract holders thousands in the case of a major catastrophe. Of course, deductibles can change so see our website for current amounts at: <http://www.calvet.ca.gov/calvetloans.aspx>.

Life and Disability

Life insurance coverage through CalVet is required for our applicants under the age of 62 and this coverage continues through age 70. This Mandatory Life insurance program provides coverage that will pay one, three, or five years' principle and interest payments, which is dependent upon the review of the Medical History Statement by our insurance carrier.

There are additional coverage options available to you. They are:

- **Optional Life** insurance will ensure the mortgage balance will be paid in full in conjunction with the mandatory life insurance policy.
- **Optional Spouse Life** coverage will pay off the mortgage in the event of the death of the spouse.
- **Optional Disability** insurance is available to age 62, and provides financial protection to help cover monthly mortgage payments (24 months or more), in the event that you become disabled and unable to work.
